What is GPA?

- The Growing Participator Approach is a non-traditional language learning method.
- There are no textbooks in GPA!
- GPA uses participative activities designed not only to teach you language, but also to help you develop the skills and abilities needed to understand, join, and participate in the Vietnamese language world around you.
- GPA is a 6-phase linguistic, cultural, and relational journey into the Vietnamese world.
- GPA will lead you into self-sustainable language growth so you can thrive, not just survive.

"It's not just a language to learn, but a life to live!"
